

Neues Haus Design Guide

version 1.2

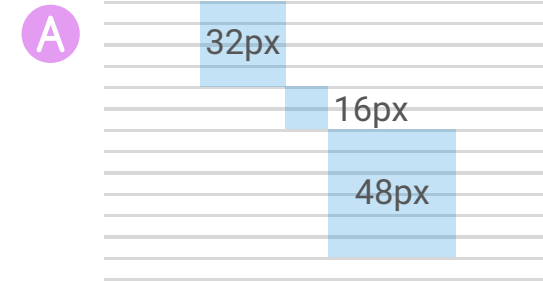

General Guidance

LAYOUT PRINCIPLES

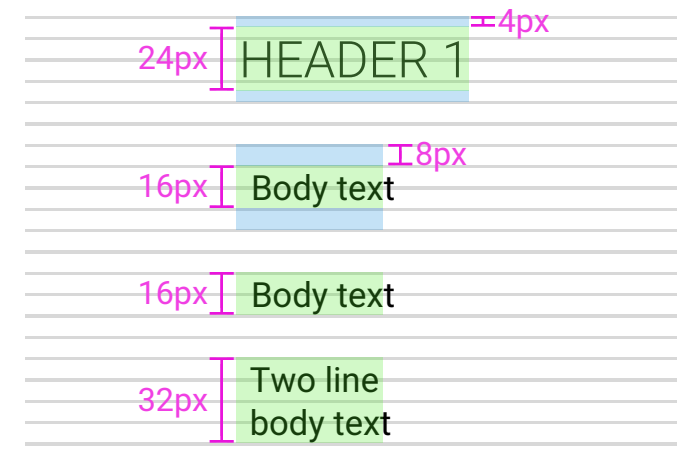

A The design of all elements is based on an 8 pixel grid. Using this grid ensures a constant vertical rhythm throughout the application interface.

B Icons and form elements are centered in placeholders. Alignment is based on the placeholders, not the icon or form element.

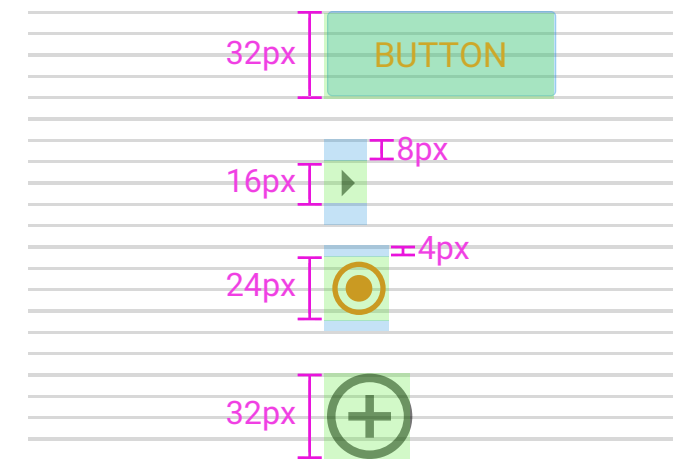

Vertical Rhythm

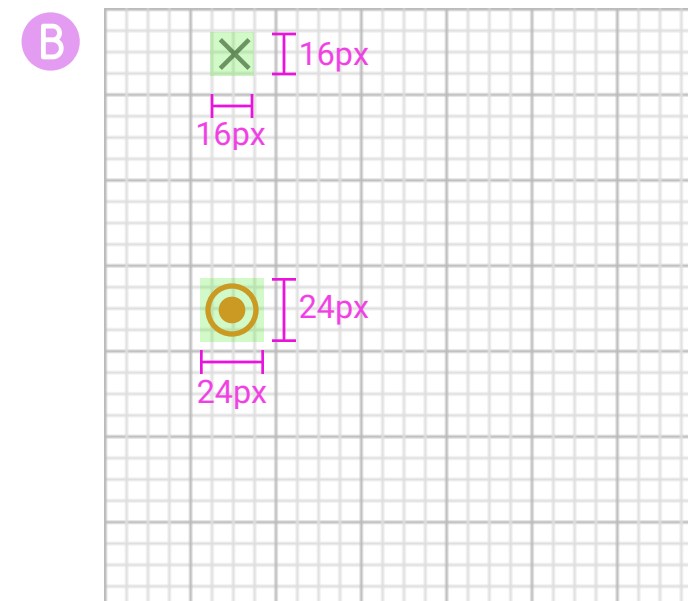

Text Positioning

Button & Icon Positioning

z-depth = 3

z-depth = 4

z-depth = 5

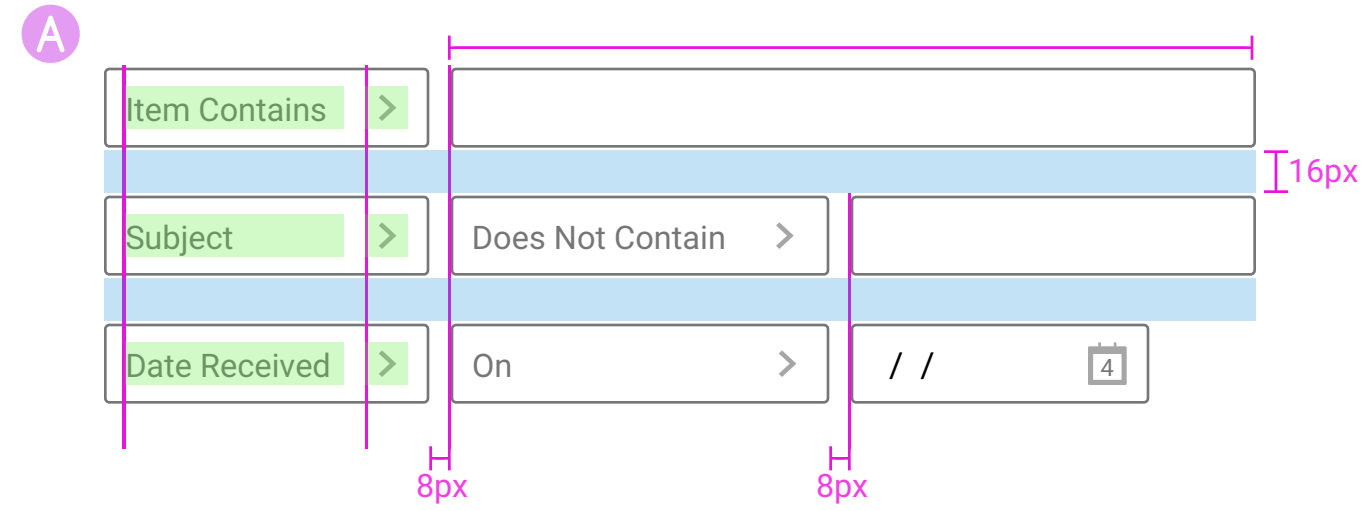

FORM LAYOUT

A Stacked form elements should be sized and aligned to form uniform columns

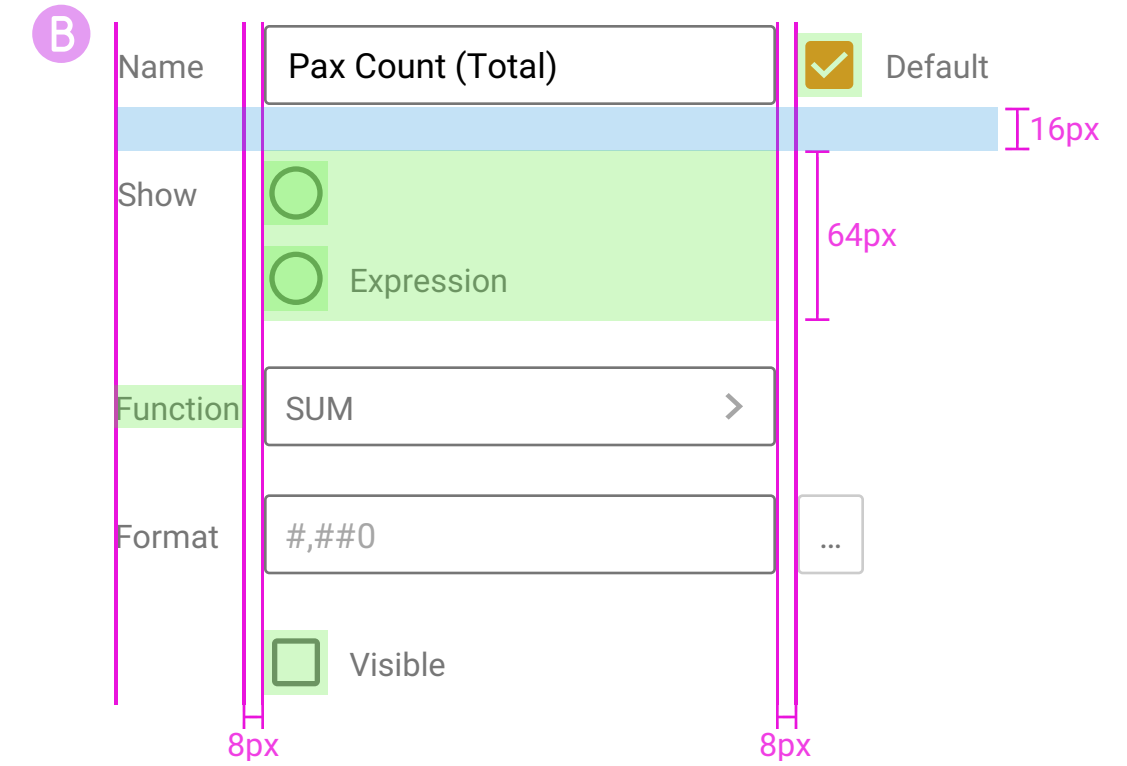

Text fields (if included) should adjust in width to take up 100% of the available area, see "Dialog"

B Field names align left based on the longest string

Rule Alignment and Spacing, Horizontal

Rule Alignment and Spacing, Vertical

TABLES

A Append sort indicator to the non-aligned end of the header title and to the left of center aligned titles

Data Table

A

Products 	Trend	9/29/13	9/30/12	10/27/11

DIALOGS

- A** Z-dept = 5
Border = .5 #CCC
Background = #FFF
Shadow 1 = #000 30% 19,38
Shadow 2 = #000 22% 15,12

- B** Content follows previously established layout guidelines

Template

Form example

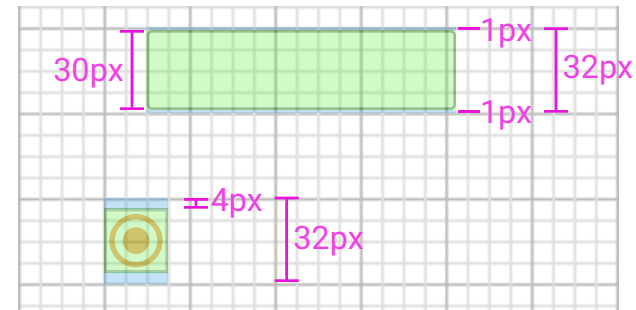

The form example shows a dialog titled 'TITLE'. It contains the following fields and controls:

- Name:** A text input field containing 'Pax Count (Total)' with a checked checkbox labeled 'Default'.
- Show:** Two radio buttons, one selected (unlabeled) and one labeled 'Expression'.
- Function:** A dropdown menu showing 'SUM' with a right-pointing arrow.
- Format:** A text input field containing '#,##0' with a small square button containing '...' to its right.
- Visible:** An unchecked checkbox labeled 'Visible'.
- OK:** An orange 'OK' button in the bottom right corner.

FORM ELEMENTS - 1

- A** Radius = 2
Border-width = 1px
Border-color = #primary
- B** Use browser's "on focus" functionality
- C** Border-color = #disabled
- D** Border-width - 2px
Border-color = #error
- E** Text-color = #primary
- F** Text-color = #tertiary
- G** Text-color = #disabled
Always lower case
- H** Display scroll bar when content in text areas exceeds the available space
- I** Menus are positioned over their emitting element and should be as wide as the form field.
Border = .5 #CCC
Background = #FFF
Shadow 1 = #000 12% 1,3
Shadow 2 = #000 24% 1,2
- J** Fields such as telephone numbers and dates should be sized to conform to data structures
- K** Text about the details of calendar popups

Slider, Disabled

ICONS

- A** Add
- B** Selected
- C** Close
- D** Pin
- E** Expanded
- F** Contracted
- G** Show Menu
- H** Search
- I** Navigate left
- J** Select list
- K** Sort decending
- L** Sort ascending
- M** Show calendar
- N** Clear field

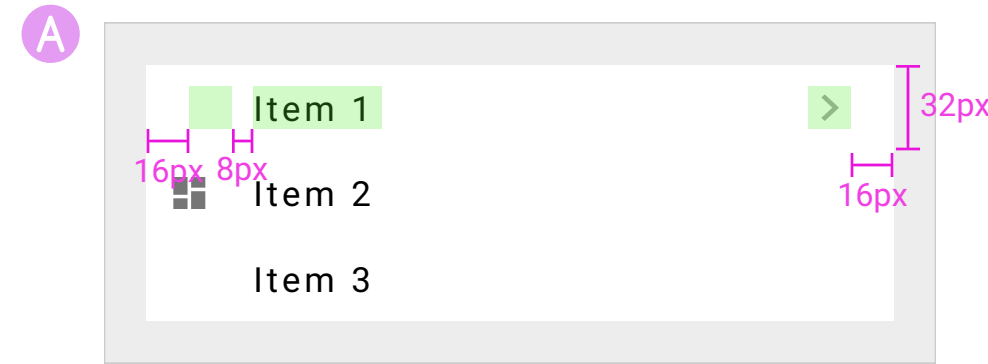

Icons

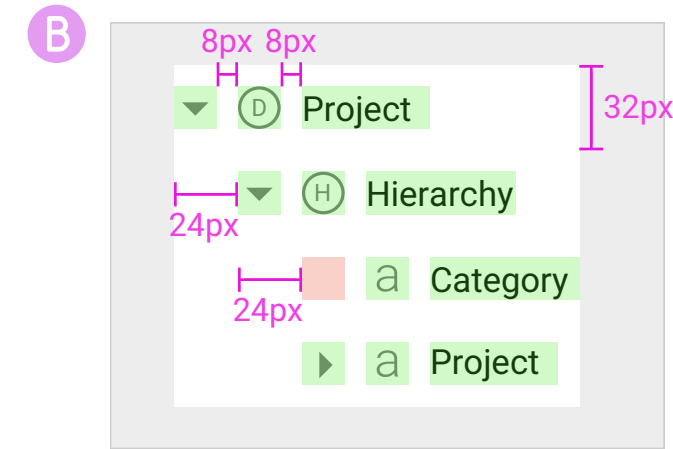

LISTS

- A** Header
Background = #FFF 90%
Shadow = #000 10% 2,2
- B** 16px of padding is reserved for each child node if no disclosure triangle is present
- C** Group aligned center
Icon-color = #tertiary
Text-color = #guidance
- D** Icon and text animate to left, clear icon expands from 0 to full size and 0 to full opacity
- E** Parent sourcelist items are indicated by displaying the Chevron right icon
- F** Background = #FFF
- G** Asterisk appended to end of title
Text-color = #attention
Background = #F7F7F7
- H** Border = .5 #CCC
- I** Text-color = #FFF
Background = #secondary

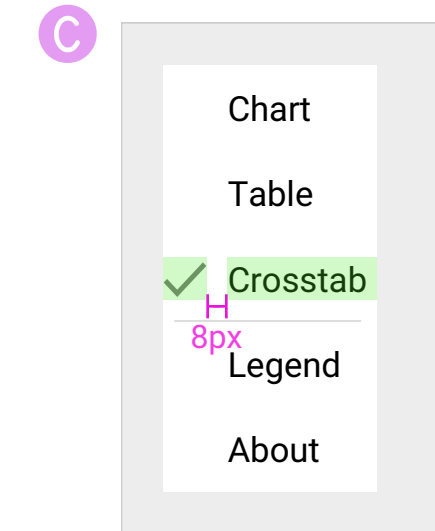

Navigation List

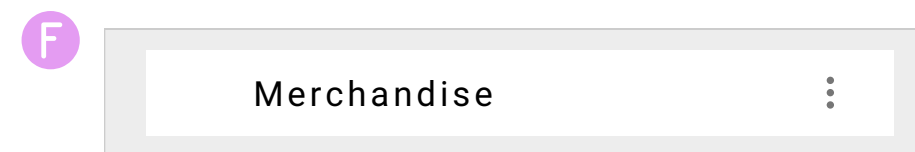

Nested List

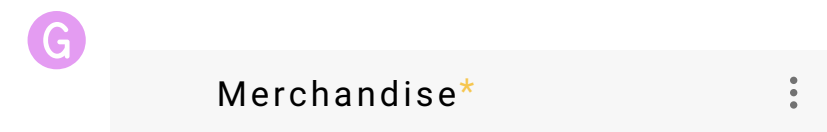

Menu List

Navigation Item, Default

Navigation Item, Unsaved

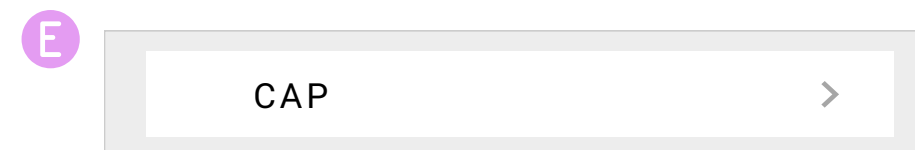

Navigation Item, Mouse-over

Navigation Item, Selected

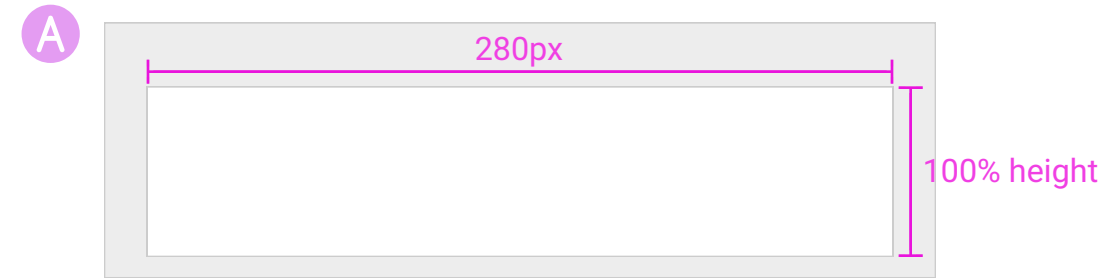

Parent Navigation Item

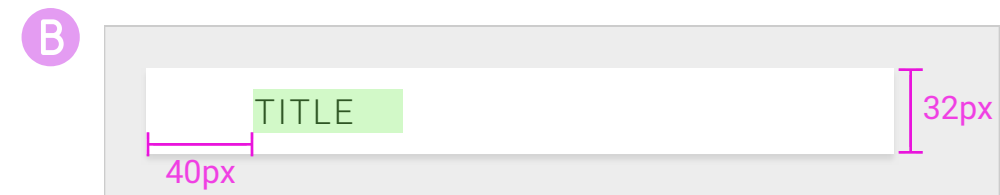

MENUS, NAVIGATION

- A** Border = .5 #CCC
Background = #FFF
- B** Text = #source_list
Background = none
Shadow = #000 10% 2,2
- C** On mouseover/select, "Add" icon appears
- D** Text = #formfield_title
- E** On click, icon and field name animate left and cancel icon enlarges and fades in
- F** Search field appears when user scrolls down

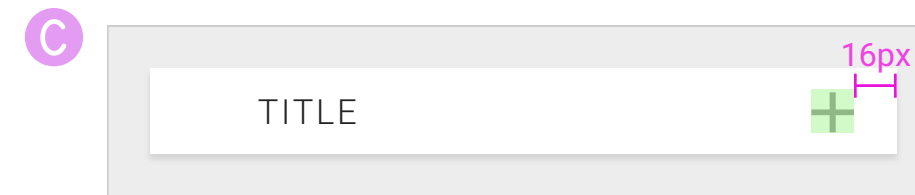

Navigation Container

Circular Indeterminate

TABS

A Description of motion when clicking to show additional tabs

Desktop Tabs

Desktop Tabs with overflow pagination

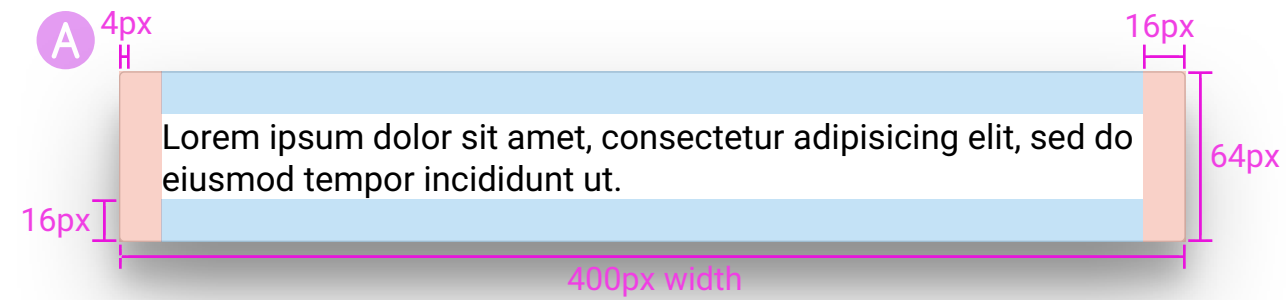

Desktop Tabs, scrolled

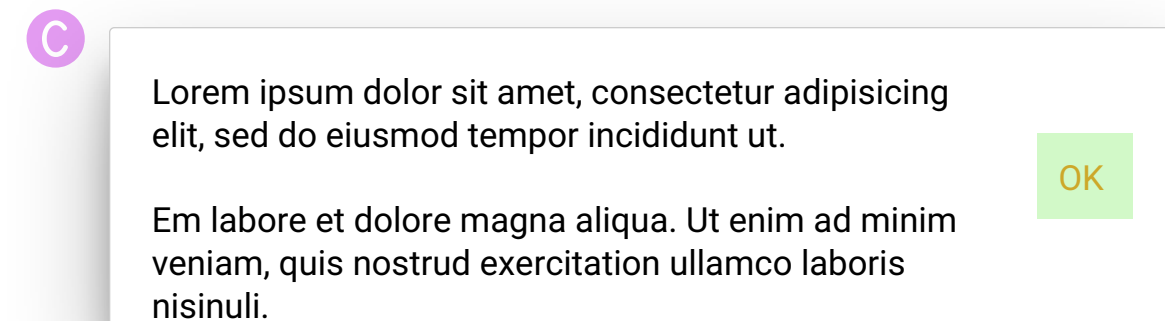

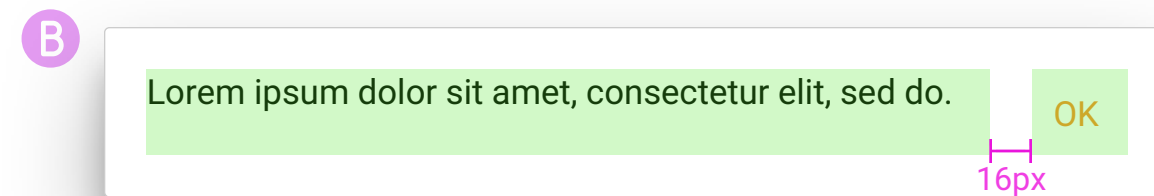

SNACKBARS

- A** Snackbars provide lightweight feedback about an operation by showing a brief message at the bottom of the screen. They can contain an action and may remain onscreen without restricting the users' ability to continue working.
- B** Text area is reduced based on button width
- C** Button vertically aligns center
- D** User may dismiss a notification or click on the detail section to reveal available user actions
- E** User actions are available via text links

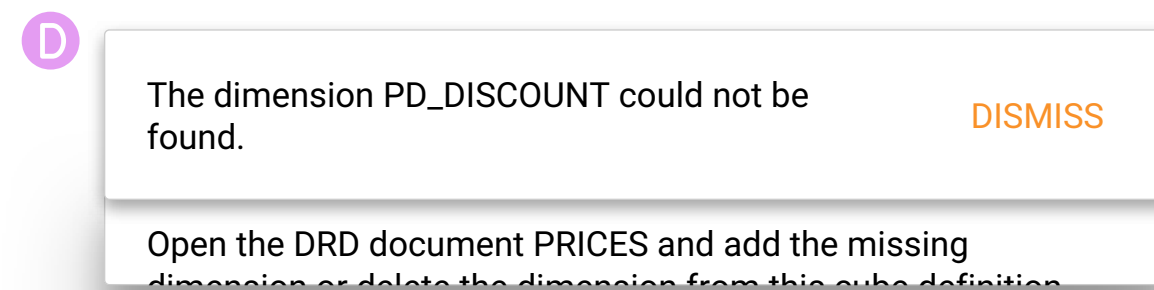

Notification, self dismissing

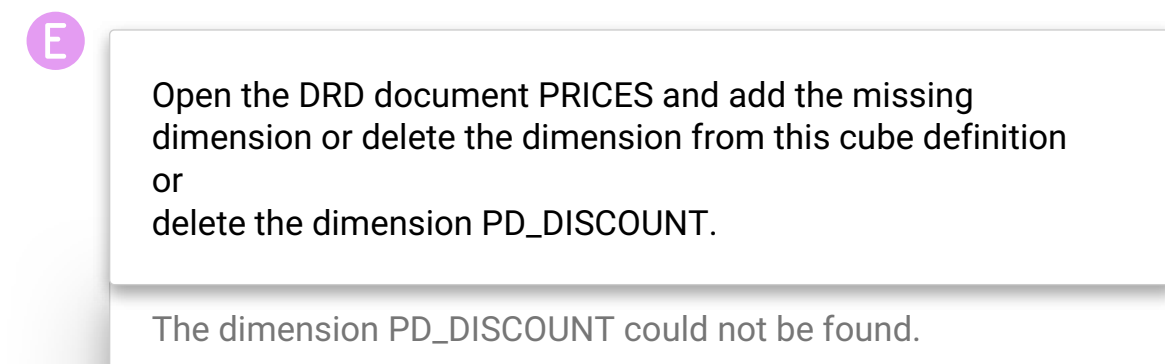

User Acknowledge

User Action, default

User Action, details

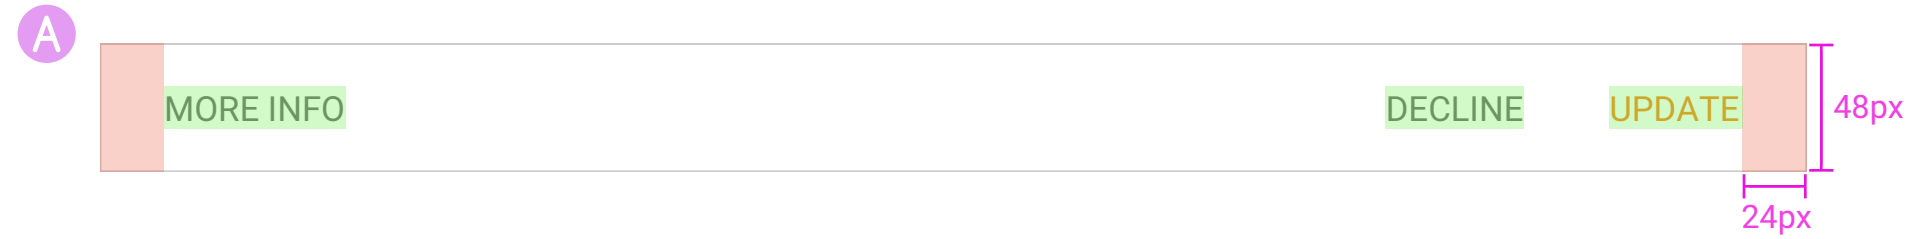

TOOLBARS

A Background = #000000 87%
Border = .5 #CCCC

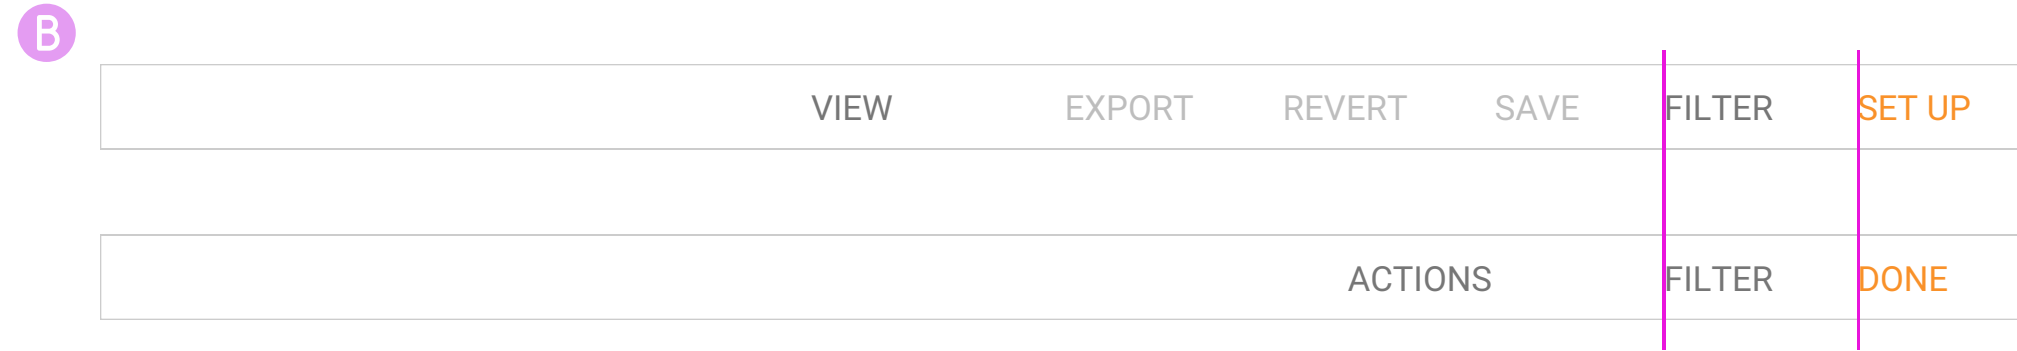

B Buttons of the same name and last buttons should align to minimize visual 'jump' between menu states

C Z-depth = 3
Border = .5 #CCCCCC
Shadow 1 = #000000 19% 10, 20
Shadow 2 = #000000 23% 6, 6
Width = 100% or worksheet area
